

Summer 2011 Update

New Season Just Ahead and Successful Past Season

I know that snow seems a long way off from now, but since I recently received my registration renewals' in the mail, I know that before long we'll all be looking to mount our sleds and set off to the snowy trails in Grafton.

Thanks to some luck we enjoyed a phenomenal amount of snow for a good portion of last year's season. But also as important, thanks to the constant effort of a few good members, our trails were ready for the season and maintained during the season.

Season Kick Off Meeting

Now that our next season is approaching, we are preparing for an enjoyable spell this year. September will start off with our Kick off Meeting on September 14th at the Lakeview in Averill Park. We hope that you can make it. See Our Website for details. www.graftontrailblazers.com

Trail Work

Although our season was quite enjoyable, we were left with an ice storm at the end of the season that left many fallen trees in its path. We have yet to fully restore our trails from its damage. We have planned the following work parties, September 10th and September 17th to assess and clear fallen trees and debris. We will meet at the clubhouse on Long Pond Road at 8:00 am each date. We hope you can make it!

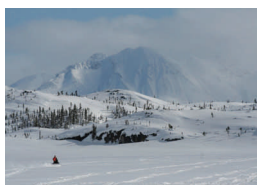

August 2011

Snowy days just around the corner

Club Membership Renewal

Since Registrations are out its not too early to renew your club membership. Visit our website at www.graftontrailblazers.com and click the online membership link. This will take you to the NYSSA website and it's the easiest way to renew.

Finally we would like to thank our landowners for their continued support. If it wasn't for their generosity we would not have the opportunity to enjoy the beauty of our trails in Grafton.
